

## Oracle Designer / Developer

**Organisation** : Sennac Consultancy offers high-quality support in the development, management and maintenance of ERP, HRM and CRM applications. We are specialized in SAP, Oracle and PeopleSoft. Our clients are the 500 largest organisations in a diversity of branches, from the banking world to education. In addition to offering secondments, Sennac Consultancy regularly manages complete projects.

The working atmosphere in Sennac is informal, communicative and professional. Our consultants work on a temporary or permanent employment basis, as free lancers or on a project basis. We take good care of our talented IT personnel, which is why we continue to train them and supervise their performance.

The ambition of the client is the mission of Sennac Consultancy:  
**“vitalizing your organisation with knowledge”**

**We require** : If you have at least 2 years' proven Oracle experience, you are flexible and are good at anticipating the needs of clients, then this is your chance. You need to be able to show experience in at least one of the following: Designer 6i, 9i or 10g and/or Developer (forms and reports) 6i, 9i, or 10g. It is also important that you are aware of and remain up-to-date with the latest Oracle developments and that your knowledge connects directly to these developments.

**We offer** :

- Prospect of permanent employment;
- Market-based salary;
- Bonus according to the hours invoiced;
- Lease-car for employees who have to be mobile;
- Participation in a collective sickness insurance scheme;
- Contribution to the sickness insurance scheme;
- Life-course savings scheme and salary savings scheme;
- Personal training budget and extra free days for training.
